Dear High School Seniors:

Wouldn't it be great to have some extra funds for your post secondary education? The PghASR would like to see this happens for you!

We are the Pittsburgh Chapter (PghASR) of the Pennsylvania Association of School Retirees (PASR), an association comprised of retired employees of the Pittsburgh Public Schools. This organization was established in 1937 and in 2012 we celebrated our 75<sup>th</sup> Anniversary! All of our members were at one time employed by the Pittsburgh Public Schools and many just like you graduated from the school district!

One of the goals of our organization is to promote quality education and educational systems in public schools and encourage high school students to attend institutions of higher learning upon graduation. The twenty first century demands that students are well educated and well prepared to enter the world of work.

Two scholarships are available funded by PghASR both in the amount of **\$1000.00**. We encourage you to apply for one of these. These scholarships can be a supplement to the Pittsburgh Promise or used for post secondary programs or schools that don't participate in the Promise program. The scholarship check is given directly to the winner to use as needed!

We encourage all students in the Pittsburgh Public Schools to be "PROMISE READY"!

Sincerely yours,

Joseph Poerio  
President PghASR

Donna Vlassich  
Scholarship Chairperson
